

Yellow Flesh Watermelons

[WM45-20 - Crimson Sweet Yellow Watermelon Seeds](#)

80 days. Citrullus lanatus. Open Pollinated. Crimson Sweet Yellow Watermelon. This early plant produces good yields of 10 lb striped watermelons. The bright yellow flesh is very favorable. Perfect addition to any gourmet fruit salad. Suitable for market growers and home gardens. An heirloom variety from the USA.

[WM8-20 - Desert King Watermelon Seeds](#)

85 days. Citrullus lanatus. Open Pollinated. Desert King Watermelon. The plant produces good yields of watermelons. It has deep yellow flesh that is very delicious. One of the best drought tolerant watermelon varieties on the market. They hold on the vine a month or so after ripening and will not sunburn. Every watermelon lover should try this variety. Drought Tolerant. Excellent choice for home gardens and specialty market growers. United States Department of Agriculture, NSL 29603.

[WM87-20 - Golden Honey Watermelons](#)

85 days. Citrullus lanatus. Open Pollinated. The plant produces good yields of 30 lb watermelons with dark green rind and light green stripes. The beautiful bright yellow flesh is very sweet and delicious. Perfect addition to any gourmet fruit salad. Suitable for home gardens and market growers. A variety from the USA.

[WM32-20 - Mountain Sweet Yellow Watermelon Seeds](#)

100 days. Citrullus lanatus. Open Pollinated. Mountain Sweet Yellow Watermelon. The plant produces good yields of large 35 lb dark green watermelons with light green markings. The dark yellow flesh is very sweet. The family will love this variety! Try growing yellow, red, pink, red, and white watermelons for a colorful gourmet fruit salad. An excellent choice for home gardens and Farmer's Markets. A variety from the USA.

[WM44-20 - Tendergold Watermelon Seeds](#)

80 days. Citrullus lanatus. Open Pollinated. Tendergold Watermelon. The plant produces good yields of medium size 28 lb watermelons. This is one of the best yellow flesh watermelons on the market. It has solid flesh that is very crisp, very sweet, and very flavorful. The yellow flesh turns more orange as it ripens and the taste improves with time. Keeps well and will last 7 - 20 days longer after ripening. Grow pink, red, white, and yellow watermelons to make a great tasting salad. An excellent choice for home gardeners and market growers. Disease Resistant: A, FW

[WM71-5 - Willhite's Yellow Gem Watermelons \(Seedless\)](#)

100 days. Citrullus lanatus. (F1) The plant produces good yields of 20 to 22 lb round watermelons with dark black rind. It has very delicious lemon yellow flesh and is very sweet with a Brix of 13. This is perfect for picnics and fruit salads. To produce seedless watermelons, a pollinator is required. We suggest growing Sugar Baby watermelons alongside Willhite's Yellow Gem as a pollinator. Heat Tolerant. Perfect for hot summer days. Always a great seller at Farmer's Markets! An excellent choice for home gardens and market growers. Disease Resistant: FW.

Seedless Watermelons Require Special Attention. The seeds must be started indoors and the Miracle-Gro Seed Starting Mix must be kept at a constant 85 F. Start the seeds at the same time you plant the Sugar Baby pollinator.

WM20-10 - Yellow Baby Doll Watermelons

68 days. Citrullus lanatus. (F1) This early maturing semi-compact plant produces good yields of 7 lb icebox-type watermelons. It has very sweet bright yellow flesh. The family will love this variety! One of the earliest yellow varieties on the market that is suitable for small gardens. Try growing yellow, red, pink, red, and white watermelons for a beautiful gourmet fruit salad. Always a great seller at Farmer's Markets! An excellent choice for home gardens and specialty market growers.

WM75-20 - Yellow Petite Watermelons

90 days. Citrullus lanatus. Open Pollinated. The plant produces good yields of 5 to 7 lb round watermelons with light green rind and narrow dark green stripes. It has very sweet and delicious bright yellow flesh. This icebox-type watermelon is perfect for refrigerators! Great for fruit salads and picnics. Suitable for small gardens. Good foliage protection from the sun and resisting sunburn. Always a great seller at Farmer's Markets! An excellent choice for home gardens, market growers, and commercial production. An heirloom variety from the USA.
