

Okra

[OK3-25 - Louisiana Green Velvet Okra Seeds](#)

1941 All-America Selections Winner!

58 days. *Abelmoschus esculentus*. Open Pollinated. Louisiana Green Velvet Okra. This early maturing plant produces good yields of 5 to 8" long spineless dark green okra. The okra remains tender when large. Retains its vibrant color when cooked. This variety does well where temperatures and humidity are high. Excellent choice for home gardens and market growers. Developed by the Louisiana State University, Louisiana, USA. United States Department of Agriculture, PI 675127.
