

Asparagus

[AS9-25 - Apollo Asparagus Seeds](#)

Asparagus officinalis. (F1) Apollo Asparagus. This early maturing plant produces high yields of dark green asparagus with slight purple at the tip and butt of the spear. This variety does well in cool and warm climates. Asparagus is a perennial vegetable, so you plant it just once and enjoy season after season. Cold Tolerant. Heat Tolerant, An excellent choice for home gardens, farmer's markets, market growers, open production, and commercial production. Disease Resistant: FCRR, FW, R.

[AS5-100 - UC 157 F2 Asparagus Seeds](#)

Asparagus officinalis. Perennial. (F2) UC 157 F2 Asparagus. The plant produces heavy yields of light green asparagus spears. Asparagus is a perennial vegetable, so you plant it just once and enjoy season after season. UC 157 is still the most widely planted fresh market asparagus variety in the world. This variety grows in cold regions as well as warmer regions. Cold Tolerant. Heat Tolerant. An excellent choice for home gardens, farmer's markets, market growers, open production, and commercial production. The UC 157 Asparagus was developed by Frank Takatori and Frank Southers at the University of California at Riverside in 1978. Disease Resistant: CR, FCRR, R.

[AS2-100 - UC 72 Asparagus Seeds](#)

Asparagus officinalis. Open Pollinated. Perennial. UC 72 Asparagus. The plant produces heavy yields of dark green asparagus spears. Asparagus is a perennial vegetable, so you plant it just once and enjoy season after season. It is usually larger than the Mary Washington variety. Heat Tolerant. Drought Tolerant. It was developed at UC Davis for better production and tolerance to Fusarium Wilt. An excellent choice for home gardens, farmer's markets, and market growers. Disease Resistant: FCRR, FW.

[AS8-25 - Walker Deluxe Asparagus Seeds](#)

Asparagus officinalis. (F1) Walker Deluxe Asparagus. The plant produces high yields of green asparagus with slight purple at the tip and butt of the spear. This high-quality variety does well in cool and warm climates. Asparagus is a perennial vegetable, so you plant it just once and enjoy season after season. A higher proportion of male plants, which means plants produce more spears than seeds, resulting in higher yields. Cold Tolerant. Heat Tolerant, An excellent choice for home gardens, farmer's markets, market growers, open production, and commercial production. Disease Resistant: FCRR, R.
