LC16-750 - Red Sails Lettuce Seeds

1985 All-America Selections Winner!

45 days. Lactuca sativa. Open Pollinated. Red Sails Lettuce. This early maturing plant produces excellent yields of delicately crumpled bronze-red leaf lettuce. Excellent flavor. The leaves are perfect for sandwiches, salads, and garnishes. Extremely high in vitamins. One of the slowest bolting red lettuce varieties on the market. Grows well all season but really colors up spectacularly in the fall. Excellent choice for home gardens and market growers. United States Department of Agriculture, PI 601060.
