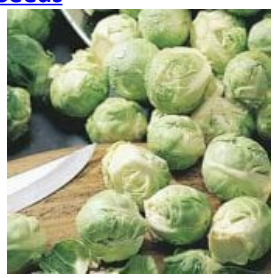
Year 1959

BS2-100 - Jade Cross Brussels Sprouts Seeds



1959 All-America Selections Winner!

80 days. Brassica oleracea. (F1) Jade Cross Brussels Sprouts. The plant produces heavy yields of solid Brussels Sprouts. The heads average 1 ½ to 2 inches in diameter. Excellent freezing variety. One of the earliest Brussels Sprouts for the short growing season. An excellent choice for home gardens.
