### SP3-20 - Antohi Romanian Sweet Peppers

© Copyright Reimer Seeds 2003

### Heirloom Variety

78 days. Capsicum annuum. Plant produces high yields of 4" long by 2 ¼" wide sweet peppers. Peppers turn from pale yellow, to orange, to red when mature. Plant has green stems, green leaves, and white flowers. Jan Antohi, a Romanian acrobat, defected to the USA, brought these seeds from Romania in 1991. A heirloom variety from Romania. pk/20

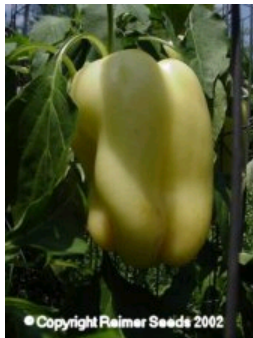

### SP82-20 - Georgescu Chocolate Sweet Peppers

75 days. Capsicum annuum. Plant produces good yields of 3 ½" long by 2 ½" wide sweet peppers. Peppers turn from green to chocolate brown when mature. Excellent flavor. A variety from Romania. Plant is 36" tall. pk/20

### SP94-20 - Ultra Stuff Sweet Peppers

80 days. Capsicum annuum. Plant produces good yields of large 3 ¾" long by 2 ¾" wide sweet bell peppers. Peppers turn from pale yellow, to orange, to red when mature. Peppers have thick walls and are great for salads, stuffing, or frying. A variety from Romania. Plant is 38" tall. pk/20
