

Asparagus

[AS1-20 - Mary Washington Asparagus](#)

Asparagus officinalis. Open Pollinated. Perennial. Plant produces heavy yields of uniform sturdy tender stalks of dark green asparagus. One of the most popular varieties grown by home gardeners. Excellent choice for home gardens. A variety from the USA. United States Department of Agriculture, NSL 20542.

[AS5-20 - UC 157 F2 Asparagus](#)

Asparagus officinalis. Perennial. (F2) Plant produces heavy yields of dark green asparagus spears. The UC 157 Asparagus was developed by Frank Takatori and Frank Southers at the University of California at Riverside in 1978. It is still the most widely planted fresh market asparagus variety in the world. Excellent choice for home gardens, market growers, and open field production. Disease Resistant: FCRR, R.

[AS2-20 - UC 72 Asparagus](#)

Asparagus officinalis. Open Pollinated. Perennial. Plant produces heavy yields of dark green asparagus spears. It is usually larger than the Mary Washington variety. Excellent choice for home gardens and market growers. Disease Resistant: FCRR.
