### HP1167-20 - Villa Argenteleon Hot Pepper (Greece)

90 days. Capsicum annuum. Plant produces good yields of ½" long hot peppers. Peppers turn from green to bright orange when mature. A variety from Greece. pk/20

### HP463-20 - Golden Greek Pepperoncini Hot Peppers

85 days. Capsicum annuum. Plant produces good yields of 4" long by 1 ½" wide hot peppers. Peppers are mildly hot and turn from light yellow-green, to yellow, to red when mature. Plant has green stems, green leaves, and white flowers. Should be harvested when yellow and pickled. These homemade peppers look more like the commercial type you see in supermarkets. Excellent in Greek salads. A variety from Greece. Plant Height: 50" tall. pk/20

### HP309-20 - Greek Cayenne Hot Pepper

90 days. Capsicum annuum. Plant produces heavy yields of 3 ¾" long by ½" wide hot peppers. Peppers are very hot and turn from green to bright red when mature. Plant has green stems, green leaves, and white flowers. Very pungent and used for making hot pepper sauce or hot pepper flakes. A variety from Greece. pk/20
