

Radishes

[RD1-100 - Champion Radish Seeds](#)

1957 All-America Selections Winner!

25 days. *Raphanus sativus*. Open Pollinated. Champion Radish. This early maturing plant produces excellent yields of 1 to 1 ½" diameter radishes. These radishes are the size of a silver dollar. The bright scarlet red solid skin surrounds a crisp snow-white flesh that has just the right amount of radish taste. They are crunchy and very flavorful. Perfect for salads and garnishes. Grows well in containers. Suitable for short-season climates. Replant every two weeks for a continuous crop. Excellent choice for home gardens, market growers, and open field production. United States Department of Agriculture, NSL 20545.

[RD14-100 - Cherriette Radishes](#)

20 days. *Raphanus sativus*. (F1) This early maturing plant produces high yields of 1 ½ to 2" diameter bright cherry red radishes. It is crisp with a sweet/hot taste. Perfect for salads and garnishes. Very easy to grow. Stores well. Replant every two weeks for a continuous crop. It was developed to produce in higher temperatures, so it holds better for harvesting into summer. Suitable for container gardening. Excellent choice for home gardens, market growers, and open field production.

[RD2-100 - Cherry Belle Radishes](#)

1949 All-America Selections Winner!

22 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of 1 to 1 ½" diameter radishes. They are crunchy, crisp, and very flavorful. Perfect for salads and garnishes. Stores well. Suitable for container gardening, hydroponics gardening, and greenhouse production. Also great for bunching and for cello packaging. Excellent choice for home gardens, market growers, and open field production. United States Department of Agriculture, NSL 6351.

[RD50-100 - Crayon Colors Mix Radishes](#)

25 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of 1 to 1 ½" diameter multi-colored radishes. They come in a colorful mix of pink, purple, red, and yellow. The flesh is firm, crisp, spicy, and flavorful. Perfect for salads, vegetable platters, gourmet dishes, and garnishes. Perfect a children's garden for two really good reasons: one, they grow very fast, and two, they produce amazing bright, happy colors that kids are just drawn to. Grow this mix to display a beautiful palette in your vegetable garden. Excellent choice for home gardens.

[RD25-100 - Crimson Giant Radish Seeds](#)

29 days. *Raphanus sativus*. Open Pollinated. Crimson Giant Radish. This early maturing plant produces heavy yields of 4 to 5" diameter radishes. They are firm, crisp, mild, and very flavorful. The flavor is rich with a buttery texture and is not hot. Perfect in salads, relish trays, and garnishes. A good all-around variety. Also known as Crimson Giant Globe Radish and Giant Butter Radish. Excellent choice for home gardens. An heirloom variety dating back to 1910. United States Department of Agriculture, PI 647075.

[RD3-100 - Early Scarlet Globe Radishes](#)

23 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces high yields of 1 to 1 ½" diameter red radishes. They are crisp, tender, juicy, mild, and flavorful. Excellent for salads, vegetable platters, and garnishes. It doesn't get hot or spicy like other varieties. Replant every two weeks for a continuous crop. Suitable for greenhouse production. Thomas Jefferson grew this variety at his home in Monticello in Virginia, USA. An heirloom dating back to the 1800s. Excellent choice for home gardens and market growers. United States Department of Agriculture, NSL 6369.

RD4-100 - Easter Egg Radishes

28 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of 1 to 1 ½" diameter multi-colored radishes. Radishes are in shades of purple, lavender, pink, rose, scarlet, white. The flesh is firm, crisp, spicy, and flavorful. Perfect for salads, vegetable platters, and garnishes. Easter egg radishes are perfect for a children's garden for two really good reasons: one, they grow very fast, and two, they produce amazing bright, happy colors that kids are just drawn to. Excellent choice for home gardens.

RD42-100 - Gourmet Blend Radishes

30 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces good yields of flavorful radishes. The Gourmet Blend consists of 10 varieties of colorful radishes. Radishes are red, pink, purple, violet, and white. The perfect way to add some color and variety to your salads. Great for children's garden! Excellent choice for home gardens.

RD49-100 - Groundhog Radishes

24 days. *Raphanus sativus*. Open Pollinated. The plant produces very large radishes. The radishes have an extensive root mass that aerates the soil & pulls nitrogen & other nutrients back to the soil surface for ready use for next season's crop. If planted in late summer, the radishes are not harvested or turned under but left to die off in the winter and decay to contribute to a nitrogen store for spring planting. Excellent soil builder, cover crops, and livestock wildlife feed. Excellent choice for home gardens, market growers, and open field production.

RD19-100 - Hailstone Radishes

23 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of ¾ to 1" diameter white radishes. Simply one of the best-tasting radishes available. Radishes are very mild, crisp, and tender. Perfect for salads, stir-fry, gourmet garnishes, or on a vegetable tray. Stores well. Also known as White Button Radish or White Globe Radish. An heirloom variety dating back to 1903. Excellent choice for home gardens.

RD41-100 - Misato Rose Radishes

65 days. *Raphanus sativus*. (F1) The plant produces excellent yields of 3 to 4" diameter radishes. It has green and white skin with a pink interior. The radishes are crisp and sweet. Perfect for gourmet dishes. Stays tender and crispy even in cold weather. Keeps well. Also known as Chinese Red Heart Radish. Best for late summer or early fall sowing. Excellent choice for home gardens and specialty market growers.

RD31-100 - Philadelphia White Box Radishes

30 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of white radishes. It has a spicy flavor. Suitable for container gardening. Excellent choice for home gardens and market growers. The D. Landreth Seed Company, the oldest seed house in the US which was established in 1784, listed this variety in their seed list. An heirloom variety from the USA dating back to the 1890s. United States Department of Agriculture, NSL 40591.

RD24-100 - Pink Beauty Radishes

27 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of 1 to 1 ½" diameter pink radishes. The flesh is white crispy and very mild. Perfect for salads, vegetable platters, and garnishes. Not too spicy, great variety for the specialty market. Excellent choice for home gardens and specialty market growers. United States Department of Agriculture, G 30519.

RD45-100 - Pink Lady Slipper Radishes

27 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of long bright pink radishes. They are crisp, sweet, and mild. Stays tender and crispy even in cold weather. Crack Resistant. Perfect for salads, vegetable platters, and gourmet dishes. Excellent choice for home gardens and specialty market growers.

RD44-100 - Purple Plum Radish Seeds

30 days. *Raphanus sativus*. Open Pollinated. Purple Plum Radishes. This early maturing plant produces excellent yields of 1 to 1 ½" diameter radishes. It has purple skin and white flesh. The radishes are crisp and mild. Perfect for salads, vegetable platters, and garnishes. Fabulous purple color radish to brighten up your salad. Roots hold well in the field and do not crack easily. Excellent choice for home gardens and market growers. United States Department of Agriculture, PI 601220.

SS5-200 - Radish Sprouting Seeds

2 to 5 days. *Raphanus sativus*. Open Pollinated. The plant produces excellent quality Radish sprouts. These delicious sprouts have a mild radish flavor. Excellent in salads and other Asian dishes. One tablespoon of seed yields approximately 1 to 2 cups of sprouts. Also known as Daikon Sprouting Seeds. A variety from the USA.

RD18-100 - Round Black Spanish Radishes

55 days. *Raphanus sativus*. Open Pollinated. The plant produces excellent yields of 3 to 4" diameter radishes. These winter radishes are crisp, pungent, spicy, and very flavorful. Perfect for salads, vegetable platters, and garnishes. Keeps well, these black skin and snowy white flesh will keep all winter long. Suitable for fall planting. Excellent choice for home gardens and specialty market growers. An heirloom variety dating back to 1824. United States Department of Agriculture, NSL 6359.

RD47-100 - Rudolf Radish Seeds

24 days. *Raphanus sativus*. Open Pollinated. Rudolf Radishes. This early maturing plant produces excellent yields of 1 to 1 ½" diameter bright red radishes. These radishes are crisp, sweet, and mild. They stay tender and crispy. You can grow this variety all season long. Plant radishes near beans, beets, celeriac, chervil, cucumber, lettuce, mint, parsnip, peas, spinach, squash, and tomatoes. Crack Resistant. Suitable for outdoor crops as well as growing in greenhouses. An excellent choice for home gardens and market growers.

RD20-100 - Sparkler Radish Seeds

23 days. *Raphanus sativus*. Open Pollinated. Sparkler Radish. This early maturing plant produces good yields of 1 to 1 ½" diameter red and white radishes. They are very crisp and flavorful. Perfect for salads, vegetable platters, gourmet dishes, dips, and garnishes. Ready in just over 3 weeks! Excellent choice for home gardens and market growers. United States Department of Agriculture, NSL 22148.

RD48-100 - Watermelon Radishes

30 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of white radishes with pink and red flesh. Perfect for salads, vegetable platters, gourmet dishes, dips, stir-fries, and garnishes. They have large tops for easy picking. Also known as Red Meat Radish and Roseheart Radish. Does best when planted in the fall. Excellent choice for home gardens and specialty market growers. An heirloom variety. United States Department of Agriculture, G 30470.

RD52-100 - White Beauty Radish Seeds

30 days. *Raphanus sativus*. Open Pollinated. White Beauty Radish. This early maturing plant produces good yields of 1 ½" round pure white radishes. They are firm, crisp, and flavorful. Try growing the Purple and Pink Radishes for a colorful gourmet dish. Excellent for salads, vegetable platters, and garnishes. Replant every two weeks for a continuous crop. Best when planted in spring or fall. Suitable for containers. Excellent choice for home gardens and market growers. An heirloom variety from the USA.

RD23-100 - White Icicle Radishes

27 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of 4 to 6" long white radishes. They are crisp and have a mild flavor. Tops can be used as salad greens. Also known as Icicle Radish and Pearl Forcing Radish. Does well in most soils. Excellent choice for home gardens and market growers. United States Department of Agriculture, NSL 31365.
