

Onions

[ON5-100 - Ishikura Improved Bunching Onions](#)

66 days. Allium cepa. Open Pollinated. The plant produces very flavorful bunching onions. These salad onions have long white stalks. Most of the plants can be eaten with little waste. Great for sukiyaki, soups, and salads. Excellent for spring or late summer harvests. This improved version of the Ishikura Onion has long-distance shipping qualities. These green onions do not form bulbs and do not multiply by division. The stalks can be harvested when pencil-thin or left to grow as thick as a mature carrot. It is tolerant to warm and cool temperatures and is suitable for winter harvesting in some areas. One of the most popular bunching onions in Japan. An excellent choice for home gardens, farmer's markets, and market growers.

[ON14-250 - Tokyo Long White Bunching Onions](#)

65 days. Allium cepa. Open Pollinated. The plant produces excellent yields of Japanese-type bunching onions. Onions have stiff shanks and are mostly single stems. A sweet and mild non-bulbing onion. Looks like a long slim leek. Perfect for soups, salads, and garnishes. These green onions do not form bulbs and do not multiply by division. Suitable for summer and fall harvests. Heat Tolerant. An excellent choice for home gardens and market growers. Disease Resistant: PR, S, TH.

[ON43-250 - White Lisbon Bunching Onions](#)

60 days. Allium cepa. Open Pollinated. The plant produces excellent yields of good quality bunching onions. It has dark green foliage and long white stalks that hold up well after harvest. Onion does not form a bulb and has a smooth mild oniony flavor that is not overwhelming. Perfect for soups, salads, and garnishes. Heat and cold resistant variety. Best for spring planting, but also good for fall and winter planting. It is a cold-hardy variety that will winter over. They are a perennial type plant and the more you cut them the more they grow! The plants grow well close together so great for square foot gardening. If you leave the base of the plant in the ground over winter they will come up every year! Suitable for containers, pots, small gardens, patios, raised gardens, borders/rock gardens, herb gardens, and window boxes. This variety can be used in greenhouse production too. An excellent choice for home gardens, greenhouses, market growers, and open field production. An heirloom variety was grown by farmers and gardeners for over 200 years. It United States Department of Agriculture, PI 546331.
