

Radishes

[RD28-100 - April Cross Radish Seeds](#)

60 days. *Raphanus sativus*. (F1) April Cross Radish. The plant produces excellent yields of 8 to 18" long white radishes. A Daikon Minowase radish that resembles a carrot. They are crisp, sweet, mild, and flavorful. Perfect steamed with onions or cheese or used in Asian cuisine. Excellent for salads, cooking, stirfrying, and pickling. Slow to bolt. Stores well. An excellent choice for home gardens, specialty Asian market growers, and commercial growers.

[RD1-100 - Champion Radish Seeds](#)

[1957 All-America Selections Winner!](#)

25 days. *Raphanus sativus*. Open Pollinated. Champion Radish. This early maturing plant produces excellent yields of 1 to 1 ½" diameter radishes. These radishes are the size of a silver dollar. The bright scarlet red solid skin surrounds a crisp snow-white flesh that has just the right amount of radish taste. They are crunchy and very flavorful. Perfect for salads and garnishes. Grows well in containers. Suitable for short-season climates. Replant every two weeks for a continuous crop. Excellent choice for home gardens, market growers, and open field production. United States Department of Agriculture, NSL 20545.

[RD14-100 - Cherriette Radish Seeds](#)

20 days. *Raphanus sativus*. (F1) Cherriette Radish. This early maturing plant produces high yields of 1 ½ to 2" diameter bright cherry red radishes. It is crisp with a sweet/hot taste. Perfect for salads and garnishes. Very easy to grow. Stores well. Replant every two weeks for a continuous crop. It was developed to produce in higher temperatures, so it holds better for harvesting into summer. Suitable for container gardening. Excellent choice for home gardens, market growers, and open field production.

[RD2-100 - Cherry Belle Radishes](#)

[1949 All-America Selections Winner!](#)

22 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of 1 to 1 ½" diameter radishes. They are crunchy, crisp, and very flavorful. Perfect for salads and garnishes. Stores well. Suitable for container gardening, hydroponics gardening, and greenhouse production. Also great for bunching and for cello packaging. Excellent choice for home gardens, market growers, and open field production. United States Department of Agriculture, NSL 6351.

[RD16-100 - China Rose Winter Radishes](#)

55 days. *Raphanus sativus*. Open Pollinated. The plant produces excellent yields of 6 to 8" long rose-colored radishes. It has rose-colored skin and white flesh. Great for growing as sprouts too. Very easy to grow. Also known as Kaiware Radish. For best results, plant winter storage radish in mid to late August. Excellent choice for home gardens. An heirloom variety that was brought over from China by the Jesuit missionaries in the 1850s.

[RD17-100 - China White Winter Radish Seeds](#)

60 days. *Raphanus sativus*. Open Pollinated. China White Winter Radish. The plant produces excellent yields of 6 to 8" long radishes. The white flesh is crisp, juicy, and pungent. Great for growing as sprouts too. Very easy to grow. Stores well. For best results, plant winter storage radish in mid to late August. Also known as China White Radishes. Excellent choice for home gardens. An heirloom variety dating back to the 1800s.

RD50-100 - Crayon Colors Mix Radish Seeds

25 days. *Raphanus sativus*. Open Pollinated. Crayon Colors Mix Radish. This early maturing plant produces excellent yields of 1 to 1 ½" diameter multi colored radishes. They come in a colorful mix of pink, purple, red, and yellow. The flesh is firm, crisp, spicy, and flavorful. Perfect for salads, vegetable platters, gourmet dishes, and garnishes. Perfect a children's garden for two really good reasons: one, they grow very fast, and two, they produce amazing bright, happy colors that kids are just drawn to. Grow this mix to display a beautiful palette in your vegetable garden. Excellent choice for home gardens.

RD25-100 - Crimson Giant Radish Seeds

29 days. *Raphanus sativus*. Open Pollinated. Crimson Giant Radish. This early maturing plant produces heavy yields of 4 to 5" diameter radishes. They are firm, crisp, mild, and very flavorful. The flavor is rich with a buttery texture and is not hot. Perfect in salads, relish trays, and garnishes. A good all-around variety. Also known as Crimson Giant Globe Radish and Giant Butter Radish. Excellent choice for home gardens. An heirloom variety dating back to 1910. United States Department of Agriculture, PI 647075.

RD3-100 - Early Scarlet Globe Radish Seeds

23 days. *Raphanus sativus*. Open Pollinated. Early Scarlet Globe Radish. This early maturing plant produces high yields of 1 to 1 ½" diameter red radishes. They are crisp, tender, juicy, mild, and flavorful. Excellent for salads, vegetable platters, and garnishes. It doesn't get hot or spicy like other varieties. Replant every two weeks for a continuous crop. Suitable for greenhouse production. Thomas Jefferson grew this variety at his grown in Monticello home in Virginia, USA. An heirloom dating back to the 1800s. Excellent choice for home gardens and market growers. United States Department of Agriculture, NSL 6369.

RD4-100 - Easter Egg Radishes

28 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of 1 to 1 ½" diameter multi-colored radishes. Radishes are in shades of purple, lavender, pink, rose, scarlet, white. The flesh is firm, crisp, spicy, and flavorful. Perfect for salads, vegetable platters, and garnishes. Easter egg radishes are perfect for a children's garden for two really good reasons: one, they grow very fast, and two, they produce amazing bright, happy colors that kids are just drawn to. Excellent choice for home gardens.

RD51-100 - Fire Candle Radishes

40 days. *Raphanus sativus*. Open Pollinated. The plant produces high yields of 9" long red radishes. They are crisp and flavorful. It looks more like a carrot than a radish. It tastes better and sweetest in cooler conditions in spring and late autumn. Excellent for salads, vegetable platters, and garnishes. Replant every two weeks for a continuous crop. Excellent choice for home gardens and market growers. An heirloom variety from Italy.

RD5-100 - French Breakfast Radish Seeds

25 days. *Raphanus sativus*. Open Pollinated. French Breakfast Radish. This early maturing plant produces excellent yields of 1 ¾ to 2" long radishes. They are red at the top and white at the bottom. Very mild, crispy, and flavorful. Perfect for salads, vegetable platters, gourmet dishes, dips, and garnishes. The flesh is crisp, mild, and flavorful. Very easy to grow. Suitable for hydroponics gardening. Also known as Radis Demi-long Rose Radish and Bout Blanc Radish. An excellent choice for home gardens and specialty market growers. A French heirloom variety dating back to 1870. United States Department of Agriculture, NSL 32748.

RD39-50 - German Beer Radish Seeds

52 days. *Raphanus sativus*. Open Pollinated. German Beer Radish. The plant produces excellent yields of 6" long radishes. They are crispy and mildly pungent. Great for snacking with your favorite beverage. To reduce the heat, peel off the outer layer of the skin. Cut into thin slices and eat as a delicious snack or grate some for adding to dips and salads. Best planted in summer for fall harvest. Also known as Bier Garten Radish, Muncher Bier Radish, Runder Schwarzer Radish, and Munchener Bier Radish. Excellent choice for home gardens. An heirloom variety from the Bavarian region of Germany. Disease Resistant: CR.

RD42-100 - Gourmet Blend Radishes

30 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces good yields of flavorful radishes. The Gourmet Blend consists of 10 varieties of colorful radishes. Radishes are red, pink, purple, violet, and white. The perfect way to add some color and variety to your salads. Great for children's garden! Excellent choice for home gardens.

RD49-50 - Groundhog Radish Seeds

24 days. *Raphanus sativus*. Open Pollinated. Groundhog Radish. The plant produces very large radishes. The radishes have an extensive root mass that aerates the soil and pulls nitrogen and other nutrients back to the soil surface for ready use for next season's crop. If planted in late summer, the radishes are not harvested or turned under but left to die off in the winter and decay to contribute to a nitrogen store for spring planting. Excellent soil builder, cover crops, and livestock wildlife feed. Excellent choice for home gardens, market growers, and open field production.

RD19-100 - Hailstone Radishes

23 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of ¾ to 1" diameter white radishes. Simply one of the best-tasting radishes available. Radishes are very mild, crisp, and tender. Perfect for salads, stir-fry, gourmet garnishes, or on a vegetable tray. Stores well. Also known as White Button Radish or White Globe Radish. An heirloom variety dating back to 1903. Excellent choice for home gardens.

RD43-100 - Japanese Minowase Radish Seeds

45 days. *Raphanus sativus*. Open Pollinated. Japanese Minowase Radish. The plant produces excellent yields of 24" long giant white radishes. The radish has a mild taste and stays mild even when very large. Great pickled, stir-fried, steamed, raw, or used in Oriental dishes. Stores well. Impress your neighbors by growing a world record size radish. An excellent choice for home gardens and market growers.

RD41-100 - Misato Rose Radish Seeds

65 days. *Raphanus sativus*. (F1) Misato Rose Radish. The plant produces excellent yields of 3 to 4" diameter radishes. It has green and white skin with a pink interior. The radishes are crisp and sweet. Perfect for gourmet dishes. Stays tender and crispy even in cold weather. Keeps well. Also known as Chinese Red Heart Radish. Best for late summer or early fall sowing. Excellent choice for home gardens and specialty market growers. A variety from the USA.

RD31-100 - Philadelphia White Box Radishes

30 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of white radishes. It has a spicy flavor. Suitable for container gardening. Excellent choice for home gardens and market growers. The D. Landreth Seed Company, the oldest seed house in the US which was established in 1784, listed this variety in their seed list. An heirloom variety from the USA dating back to the 1890s. United States Department of Agriculture, NSL 40591.

RD24-100 - Pink Beauty Radishes

27 days. *Raphanus sativus*. Open Pollinated. This early maturing plant produces excellent yields of 1 to 1 ½" diameter pink radishes. The flesh is white crispy and very mild. Perfect for salads, vegetable platters, and garnishes. Not too spicy, great variety for the specialty market. Excellent choice for home gardens and specialty market growers. United States Department of Agriculture, G 30519.

RD45-100 - Pink Lady Slipper Radish Seeds

27 days. *Raphanus sativus*. Open Pollinated. Pink Lady Slipper Radish. This early maturing plant produces excellent yields of long bright pink radishes. They are crisp, sweet, and mild. Stays tender and crispy even in cold weather. Crack Resistant. Perfect for salads, vegetable platters, and gourmet dishes. Excellent choice for home gardens and specialty market growers.

RD44-100 - Purple Plum Radish Seeds

30 days. *Raphanus sativus*. Open Pollinated. Purple Plum Radishes. This early maturing plant produces excellent yields of 1 to 1 ½" diameter radishes. It has purple skin and white flesh. The radishes are crisp and mild. Perfect for salads, vegetable platters, and garnishes. Fabulous purple color radish to brighten up your salad. Roots hold well in the field and do not crack easily. Excellent choice for home gardens and market growers. United States Department of Agriculture, PI 601220.

SS5-200 - Radish Sprouting Seeds

2 to 5 days. *Raphanus sativus*. Open Pollinated. The plant produces excellent quality Radish sprouts. These delicious sprouts have a mild radish flavor. Excellent in salads and other Asian dishes. One tablespoon of seed yields approximately 1 to 2 cups of sprouts. Also known as Daikon Sprouting Seeds. A variety from the USA.

RD27-100 - Rat Tail Radish Seeds

57 days. *Raphanus caudatus*. Open Pollinated. Rat Tail Radish. The plant produces heavy yields of 3 to 6" green pods that have a radish taste. They are very delicious, crisp, and mildly pungent. They had a sharp but pleasant radish taste, along with a very nice crunchy texture. After trying this amazing edible podded radish, you won't get enough of them. It adds a delicious flavor to any dish. Perfect for mixed gourmet vegetable platters, salads, and lightly cooked in stir-fries. Great for pickling too. Best when harvested when pods are young. Requires staking or trellis as it will grow to 5 ft. An excellent choice for home gardens. An heirloom variety from Thailand dating back to the 1860s.

RD18-100 - Round Black Spanish Radish Seeds

55 days. *Raphanus sativus*. Open Pollinated. Round Black Spanish Radish. The plant produces excellent yields of 3 to 4" diameter radishes. These winter radishes are crisp, pungent, spicy, and very flavorful. Perfect for salads, vegetable platters, and garnishes. Keeps well, these black skin and snowy white flesh will keep all winter long. Suitable for fall planting. Excellent choice for home gardens and specialty market growers. An heirloom variety dating back to 1824. United States Department of Agriculture, NSL 6359.

RD47-100 - Rudolf Radish Seeds

24 days. *Raphanus sativus*. Open Pollinated. Rudolf Radishes. This early maturing plant produces excellent yields of 1 to 1 1/2" diameter bright red radishes. These radishes are crisp, sweet, and mild. They stay tender and crispy. You can grow this variety all season long. Plant radishes near beans, beets, celeriac, chervil, cucumber, lettuce, mint, parsnip, peas, spinach, squash, and tomatoes. Crack Resistant. Suitable for outdoor crops as well as growing in greenhouses. An excellent choice for home gardens and market growers.

RD32-100 - Sakurajima Mammoth Radish Seeds

80 days. *Raphanus sativus*. Open Pollinated. Sakurajima Mammoth Radish. The plant produces giant 100 lb size white round radishes. This mammoth round white radish has a mild sweet flavor. Best when harvested when roots reach 10" in diameter. It is grown in Japan and is known as the Largest Radish in the World. It sometimes reaches 100 pounds. Used for pickling and cooking. An excellent choice for home gardens and specialty market growers. A variety from the very southern tip of Japan. United States Department of Agriculture, PI 43066.

RD12-100 - Shogoin Globe Radish Seeds

70 days. *Raphanus sativus*. Open Pollinated. Shogoin Globe Radish. The plant produces excellent yields of 4 to 6" white round radishes with slightly green necks. The roots develop above ground and the leaves protect the roots well. Stays crisp even when large. Excellent for use in soups, stews, salads, and pickled. Best quality radish for cooking. Does well in heavy clay soils. Excellent choice for home gardens and market growers.

RD20-100 - Sparkler Radish Seeds

23 days. *Raphanus sativus*. Open Pollinated. Sparkler Radish. This early maturing plant produces good yields of 1 to 1 1/2" diameter red and white radishes. They are very crisp and flavorful. Perfect for salads, vegetable platters, gourmet dishes, dips, and garnishes. Ready in just over 3 weeks! Excellent choice for home gardens and market growers. United States Department of Agriculture, NSL 22148.

SS8-500 - Sprouting Mix Seeds

4 to 6 days. Mixed. Open Pollinated. The plant produces excellent quality delicious mixed sprouts, including alfalfa, broccoli, kale, and radishes. The sprouts have a crisp mildly spicy flavor in various shades of green leaves and pink and white stems. Excellent in salads and other Asian dishes. One tablespoon of seed yields approximately 1 cup of sprouts. A variety from the USA.

RD48-100 - Watermelon Radish Seeds

30 days. *Raphanus sativus*. Open Pollinated. Watermelon Radish. This early maturing plant produces excellent yields of white radishes with pink and red flesh. Perfect for salads, vegetable platters, gourmet dishes, dips, stir-fries, and garnishes. They have large tops for easy picking. Also known as Red Meat Radish and Roseheart Radish. Does best when planted in the fall. Excellent choice for home gardens and specialty market growers. An heirloom variety. United States Department of Agriculture, G 30470.
