

Celery

CL4-1000 - Giant Pascal Celery Seeds

115 days. *Apium graveolens*. Open Pollinated. Giant Pascal Celery. The plant produces jumbo-size celery. Stalks are very large, thick, and solid, of excellent quality. This variety is easy to blanch. A dozen stalks trimmed for market weight 10 to 15 lbs. a popular commercial variety that is a great shipper. Keeps well. Also known as Giant Golden Pascal Celery and Winter King Celery. An excellent choice for home gardens and market growers. An heirloom from France. United States Department of Agriculture, NSL 34671.
