

Peppers (Hot)

HP854-10 - Red Dominica Habanero Hot Peppers

100+ days. *Capsicum chinense*. Open Pollinated. The plant produces good yields of 2 ½" long by 1 ½" wide wrinkled hot peppers. Peppers are very hot, have medium-thick flesh, and turn from light green, to orange, to red when mature. The plant has light green stems, light green leaves, and yellowish-cream flowers. Excellent for making salsa, hot sauce, and seasoning powder. A rare variety from the Commonwealth of Dominica.
