BN101-50 - Petite Filet French Bean Seeds

55 days. *Phaseolus vulgaris*. Open Pollinated. Petite Filet French Bean. This early maturing semi bush type plant produces heavy yields of 4" long by ½" wide deep green beans. These classic French beans have stringless pods and seeds are slow to develop. One of the best tasting and most popular French beans in Europe. This bush plant makes it easy to pick. It does well in hot and cold growing conditions. An excellent choice for home gardens. A variety from France. United States Department of Agriculture, PI 474218. Disease Resistance.
